CONSULTATIONS

AESTHETIC CONSULTATIONS (30 MIN)

R500

A comprehensive medical aesthetic assessment to evaluate facial and skin concerns and formulate a personalised treatment plan. Compulsory with the first visit.

SKIN ANALYSIS (45 MIN)

R400

An assessment to evaluate the skin's condition, concerns, and goals to design a personalised treatment and skincare plan. If combined with a treatment, the consultation is free.

FACIALS

DETOX FACIAL (45 MIN)

R695

A purifying treatment removing congestion and toxins, leaving the skin looking refreshed and rebalanced.

RESTORE FACIAL (45 MIN)

R850

A nourishing treatment designed to repair, hydrate, and rejuvenate the skin.

DERMAPLANING FACIAL (45 MIN)

R600

A gentle exfoliation that removes dead skin cells and fine vellus hair, revealing a smooth and radiant complexion.

NEEDLING & ADVANCED SKIN THERAPIES

All treatments include a complimentary brow wax, tint, hand/foot massage, and LED Light therapy for optimal healing.

MICRONEEDLING - FACE (60 MIN)

R1150

A minimally invasive collagen-stimulating treatment that uses fine micro-channels to gently activate your skin's natural repair process, improving texture, firmness, and overall radiance with little downtime.

MICRONEEDLING - FACE + NECK (60 MIN)

R1345

MICRONEEDLING - FACE,NECK+DECOLLETE (75 MIN)

R1445

MICRONEEDLING WITH PRP FACIAL - FACE+NECK (75 MIN)

R2500

Infusing your own growth factor-rich blood serum into the skin via microneedling to promote natural collagen renewal, a brighter complexion, and improved skin quality.

MICRONEEDLING WITH CHEMICAL PEEL - FACE+NECK (75 MIN)

R1590

RADIOFREQUENCY MICRONEEDLING (75 MIN)

R2500

An advanced skin-rejuvenation treatment that combines microneedling with targeted heat energy to stimulate collagen, tighten skin, and improve texture and firmness.

MICRONEEDLING WITH XOMAGE - EXOSOMES (60 MIN)

R3500

Exosome-based regenerative skin therapy applied post-microneedling to enhance skin repair, rejuvenation, and overall complexion quality.

CHEMICAL PEELS

REJUVENATING PEEL (30 MIN)

R870

A Glycolic Acid Peel is ideal for rejuvenating tired, sun-damaged skin by enhancing cell turnover, softening fine lines, reducing pigmentation, and restoring a clearer, more luminous complexion

CLARIFYING PEEL (30 MIN)

R1000

Lipohydroxy Acid treats acne-prone and sensitive skin, refining enlarged pores, improving uneven texture, and brightening dull complexions with minimal irritation.

LUMINOUSPEEL (30 MIN)

R950

A 30% glycolic and 30% ascorbic acid peel brightens, smooths, and revitalises the skin by combining exfoliation with powerful antioxidant renewal.

XTRA LUMINOUS PEEL (30 MIN)

R1000

A 30% glycolic and 50% ascorbic acid peel resurfaces and brightens the skin while boosting radiance with high-strength vitamin C renewal.

RENEW PEEL (30 MIN)

R1190

A medical-grade peel that accelerates skin cell turnover to improve acne, pigmentation, fine lines, and overall skin texture with controlled exfoliation and visible rejuvenation.

BIOREPEEL (30 MIN)

R1200

A two-phase chemical peel that gently exfoliates, stimulates skin regeneration, and improves texture, tone, and radiance with minimal downtime, known as the "lunchtime peel".

ADD ON

SKIN SUPPLEMENTATION **R115**

LED LIGHT THERAPY (20 MIN) **R350**

A non-invasive add-on treatment that enhances healing, reduces inflammation, and boosts collagen production to improve skin clarity and rejuvenation.

HIGH FREQUENCY THERAPY (15 MIN) **R350**

A targeted add-on that purifies the skin, reduces breakouts, and stimulates circulation for a clearer, healthier glow.

IV THERAPY

Delivery of vitamins, minerals and antioxidants in a drip directly to the bloodstream.
